About game «Trafic Jam 3D»

Traffic jams have become a headache for residents of many modern cities
. But is there a fundamental solution to this problem? It hasn't
been invented yet. In Traffic Jam 3D, you will be sent to a busy road
where you must go through the traffic as rapidly as you can. The objective is to
cover as much ground as possible while avoiding all the autos. You must
show up on time and early at the checkpoints.

In the game Traffic Jam 3D, you will be driving through congested traffic. There will be a total of 4 modes available to you. You
will finish a number of levels in career mode, earning rewards along the way. In
the Infinity mode, your goal is to avoid crashes for as long as you can. You
will strive to get to specific checkpoints in the time trial mode before your
time runs out. The final mode is free mode, where you are free to do anything.
