The game Americans call "Mexican Train" is originally a variation on the Chinese jigsaw game called Pai Gow, which means "make nine", and uses 32 tiles or dominoes. Pai Gow predates the game's introduction to Mexico in the 1960s. It was first introduced to Mexico in the 1960s by a Chinese immigrant. Why is it called Mexican Train? The name "Mexican Train" is a play on the word "train" and "Mexico". Callie demetnians
